Great Expectations

At times, getting away from school, work and just plain madness seemed impossible. But for the fortunate few, Northern Arizona provided the perfect atmosphere to relax. With it's cool breezes, towering trees and fresh air the task of letting it ''hang loose'' wasn't so difficult.

The difference in temperatures between the Valley and Northern Arizona may range from 20-30 degrees in the Summer and 40-60 degrees in the Winter. People from Arizona and all over the United States flock every year to places like Flagstaff and Payson to enjoy the many recreational opportunities they offer. Such as boating, fishing, skiing, hiking and mountain climbing. It's easy to see why Arizona is considered to be one of the few states, in which you could take three hour drives and visit the desert country or visit the mountains.

Good authors are hard to come by. Fortunately, we were lucky enough to come up with quite a few of them in this year's Quill and Scroll club. Many of these members were involved in the Express and yearbook, although is was not required to join. It was an active club, both on and off campus, selling shirts at football games, and sponsoring a campus calendar. The group was led by Mrs. Brenden, who also advises the yearbook and Express staffs. Club officers are: President: Diane Caccamo, Vice President: Verle Berschini, Secretary: Kelly Arnold, Treasurer: Kathy Orlick.

PUMPING IRON

Pumping iron is the only way to say what the weightlifting club is all about. The members spend hours working on those biceps and building up those triceps. Their discipline really pays off in keeping them fit. Each of the members lifts for a different reason: slimming inches, strengthening muscles, or just hanging out with friends. For whatever the reason, these club members are the healthiest on campus.

STIR-UPS

Stir-ups is the name of this spirited group. Being in existence for only two years, the Stir-ups have prompted much of Dobson's spirit by painting posters, showing up at sport activities and organizing spirit week. The Stir-ups are a great benefit to DHS. Ms. Marcie Hutchinson is the leader of this pack, with the help of Ms. Devi Hopfer. Officers are: President — Laurie Kinser, Vice-President — Becky Joyce, Secretary/Treasurer — Susie Sicuranza, Publicity Chairman — Lucy Reno and Historian — Mariann Fiedler.

We all know the German Club for their Gummy Bears (Gummi Baren). But have you ever wondered what was behind the bears? Gordon Brown said that the purpose of selling them was to raise the money to finance the students coming from Germany and the activities that followed. The activities included camping at the Grand Canyon, horseback riding, barbecues, roller-skating, and pizza parties.

Have you seen the students at Dobson who wear the blue F.F.A. jackets with the cowboy boots and blue jeans? Well, these students are involved in the DHS agriculture program. In the F.F.A. there are many activities and contests that are offered to members. There are Dairy Judging, Livestock Judging, Entimology, Creed Speaking and Public Speaking just to name a few. There are different degrees that can be achieved by an active F.F.A. member. They are the Greenhand Degree, the Chapter Farmer Degree, the State Farmer Degree and the highest, the American Farmer Degree. Electing officers is a major event in the F.F.A. There are a total of eighteen different officers elected on three different levesl. There are six officers on the Greenhand level, six junior officers and six chapter officers. The ladies of Dobson High are the 1982-83 Varsity cheerleaders. Their main objective was to raise our spirit at all the varsity games here and away, and pep rallies. They did that with high kicks, perfect jumps and loud voices that never quit. Ask any cheerleader and she'll say that it takes a lot of skill and long hard hours of practice to perfect a routine. Each game brings bright faces, enthusiastic cheers, tears and hysterical emotions.

The fillies are here every morning at 6:30. They work for two hours each day perfecting their routines. Sponsored by Coach Margie Romero, there were 16 poms on the line. They got off to a good start even though two fillies quit. They promoted spirit throughout the year, performing at varsity football and basketball games. They also cheered and performed at all the pep rallies.

A cheerful attitude and hard working dedication make the perfect recipe for the matmaids. They were selected according to school spirit, coordination, and originality. Along with their spirit and enthusiasm, they brought out the crowds to all the matches. With the responsibilities of cheering on all the Varsity wrestling matches, home and away, a lot more time and effort goes into being a matmaid than meets the eye. Nineteen girls made up the 1982-83 matmaids who proudly represented our school.

It has been an exciting year for the 1982-83 Dobson Mustang Marching Band. It all started two weeks before school officially began. They practiced from 7:00 to 12:00 noon to prepare themselves for the marching season. When school started they practiced from 6:50 to 7:50 for the first semester.

Under the able direction of Mr. Dick Mayne the band raised great spirit at the football games. Leading the band through many intricate drills was drum major Brian Schlegh. Also adding to the band spirit was the ever lively flag girls directed by Lynn Gustavson.

The band competed in the A.S.U. and U of A band days and received a superior in both meets, which led them to the state marching festival.

With the addition of the freshman the marching band was comprised of 148 members, one of the largest bands in Mesa High District.

All the members really worked hard to make this years Mustang Band the best. With their new flashy uniforms and much hard work, you could say the new band looked and sounded TOTALLY AWESOME! Design: Janelle Kelly and Denise Leek.

This year the Dobson High Orchestra is 3 times the size it was last year. The orchestra practices every day during 2nd hour. Throughout the school year they will put on five concerts for the students, parents, and faculty. On January 29, orchestra students auditioned for the Regional orchestra. Tryouts for the All-State orchestra were held on April 23 and 26 at U of A in Tucson. Their concert was on February 26. On January 29, they attended the State Solo and Ensemble Festival. Solos and small ensembles performed in front of A judge for A rating. Cello players attended the Cello Symposium on October 23. On November 14, Joe Gabriella, Kimi Moran, Adrienne Brasseur, and Pam Begay attended the A.S.U. String Quartet Festival. The orchestra will also do some fund raising events to raise money for music scholarships to N.A.U. and Camp Tontozona summer music camps.

THE ODD COUPLE

Another "first" for Dobson High School! The Drama Department put on its very first three-act play, under the direction of Mr. Mel Olson.

THE ODD COUPLE, by Neil Simon, is a humorous look at two friends (Felix Ungar and Oscar Madison) and the problems they run into while living together as middle-aged, divorced men. Their relationship begins when Felix finds that his twelve-year marriage is over. Oscar, being a good friend, invites Felix to stay with him. This turns out to be a disaster because of their conflicting lifestyles.

This hilarious comedy was an outstanding choice for the first three-act play at Dobson High.

IS BORN

Students interested in exploring the trade of acting could do so by enrolling in a Drama Class taught by Mr. Olsen. Students started by first feeling comfortable with the character they were every day and being able to present that character to the other students in the class. Next, they reached back to their childhood for some imagination to leave audiences with the belief in both the character and the action they were acting. These basics helped to provide a foundation for the students performing careers.

A very Prestigious and well populated department of Dobson is the Visual Arts Department. We happen to have an over abundance of talent. A great number of students entered the scholastic Arts Competition, Sponsored by Valley National Bank. In this competition we had three blue ribbon National Finalists. Robert Pastrana attained two blue ribbons. Rick Collins and Mike Fernandez each won one. Two Gold Medals were attained by David Swanson. We had two art shows this year, a Christmas Show, the week of December Fifth and a spring show the second week of May. We have an active art club on campus this year, too. Several people sent portfolios to the National Merit Scholarship Competition. 1983 was a year of great accomplishments. Photos: Jim Gorczyca, Kyle Ellsworth. Design: Jill Thomas. Industrial Arts is fast becoming a profitable field where you can learn, study, and create using high technological machines. Each day, new forms of advanced mechanics emerge from these computerized halls. Students choose from a wide variety of courses including engineering, woodworking, metals, drafting, electronics, and auto mechanics. After high school, these apprentices of industry may attend such highly acclaimed trade schools like Arizona Tech, DeVry, and Maricopa Tech.

The sun is just beginning to set over the Dobson Mustang football stadium. Students, teachers, parents and other fans begin to file in and take their seats. Final stops at the snack bar are now made. The excitement builds as the electricity affects the crowd, as they eagerly await the entrance of their team. Suddenly there is an explosion of cheering and movement. Junior football may not be as well known as Varsity or J.V., however it is just as exciting. Tryouts were held late in August. Practice began in early September and finally the games began in mid-September. There were seven games. Four were played at home and three were on the road. Junior football is a good idea if you want to have an afternoon full of fun and excitement.

Freshmen football fever has hit Dobson. In their first season here, the team finished city champions of Mesa. Credited players on offense include Rick James, the freshman quarterback who is a good possibility for the Varsity team. Also Scott Rados, who according to Coach Millanes, scored ½ the teams touchdowns. Credited players on the defense include Eric Van Hook, Bobby Douglas, and Gary Meyers. Coach Millanes commented on the teams season, "They played as a team and the attitude was very good." Freshmen at Dobson is a good thing, especially when it comes to football.

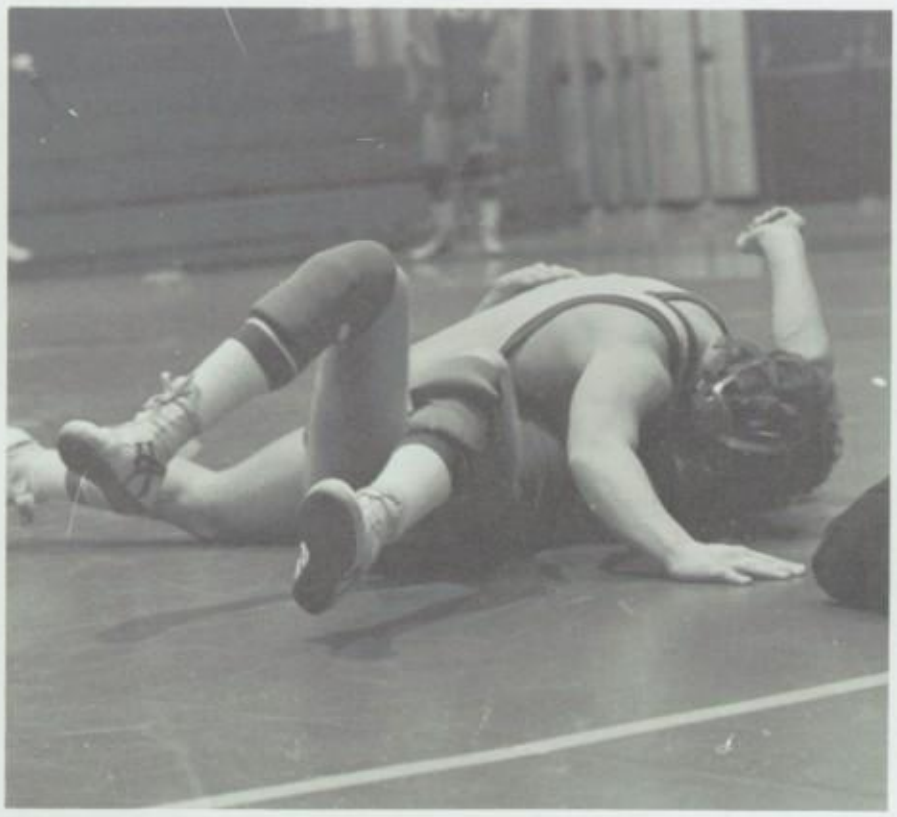
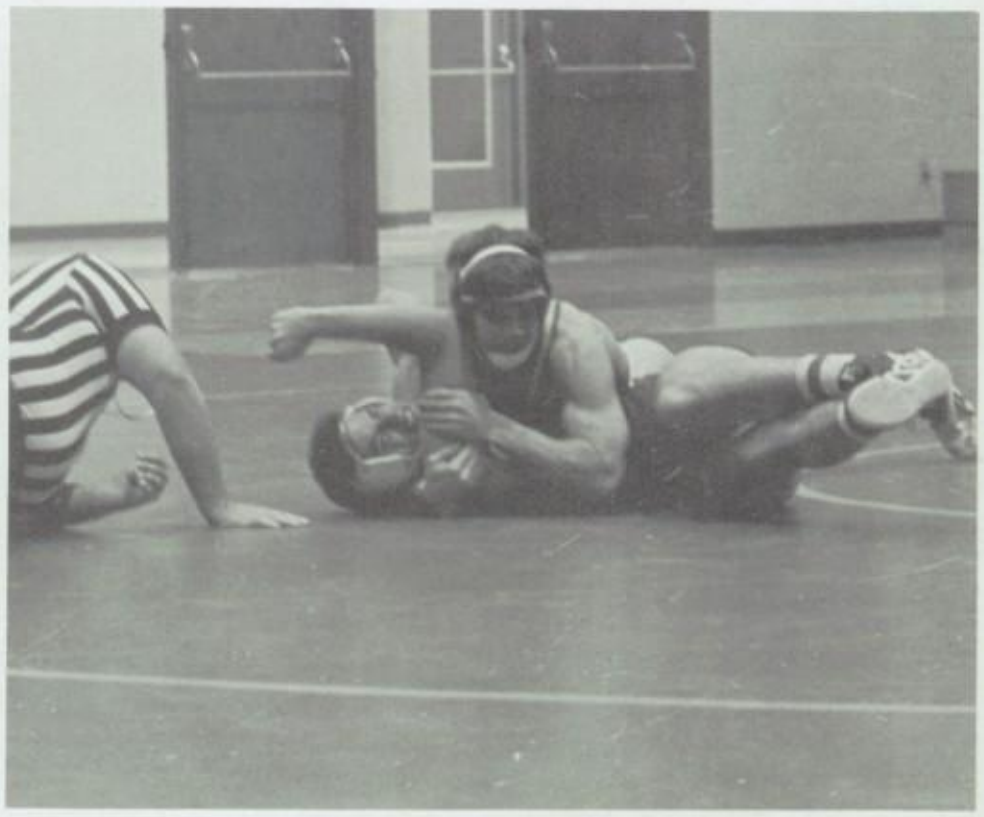
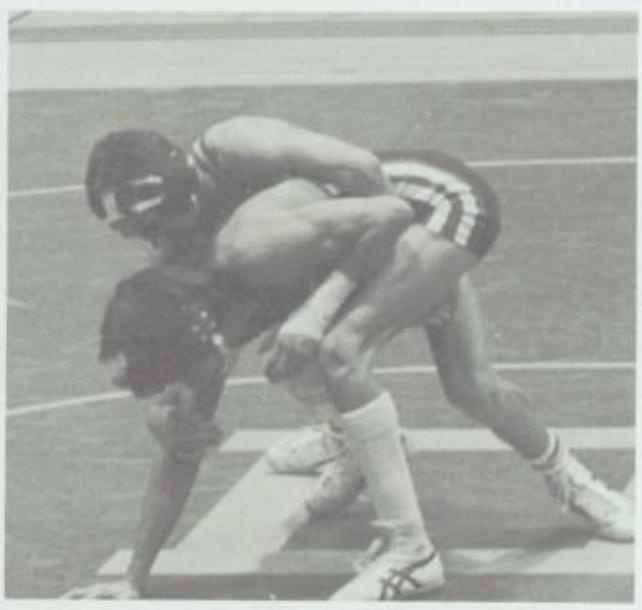
Take Down







Through hours of sweat and pain and determination, the Dobson High Wrestling team, coached by Jim Rudow, marked an excellent position for D.H.S. The practices were grueling and the matches just as demanding. The running and exercise, and the constant practice paid off for these guys. Five of them went to State Divisionals: Scott Giurlani, Daiton Rutkowski, Jim Rayburn, Todd Richardson, Paul Flores. The pride of our athletes, not just in D.H.S., but their own personal goals, shows; and showed for these athletes throughout their season. We are proud of them and their representation of D.H.S. as a school of pride. Our wrestlers are to be commended for a job well done. Their record at the end of the season was 5 wins 5 losses and they took 7th in Divisionals.

Volleyball is a difficult sport and takes lots of concentration. Technique is also an important skill to learn and live. We here at Dobson strive to get to the top and stay there. So it goes to say that like any other sport volleyball is important and always will be right up there with the best of them.

Our Dobson Varsity, Junior Varsity and our Freshmen have shown great determination by receiving a Varsity, 7-5, J.V. 9-3 and last but not least Freshmen 12-0 record, and received a city championship. We here at DHS are very proud of all the teams and its players and hope the best in the future. Go Big Blue!!!!!! Go Dobson!!!!! Design: Stacy Parker

A girl eyes the forest which has been her home for so many years. Suddenly, the familiar objects around her take on a new and special purpose. The large club-like sticks and fist-shaped rocks lying around the forest floor, open her mind to new ideas. This was the humble beginning of a sport that would grow to become one of the most popular pastimes around, girls softball.

The game has changed much from these prehistoric days, but the main ideas are still the same. Hit the ball hard, run fast and most importantly, score more runs that the other team.

Our softball teams know these principles well and it's apparent in their games. Photos: Nancy Ellis. Design: Anita Carranza, Nicole Massie.

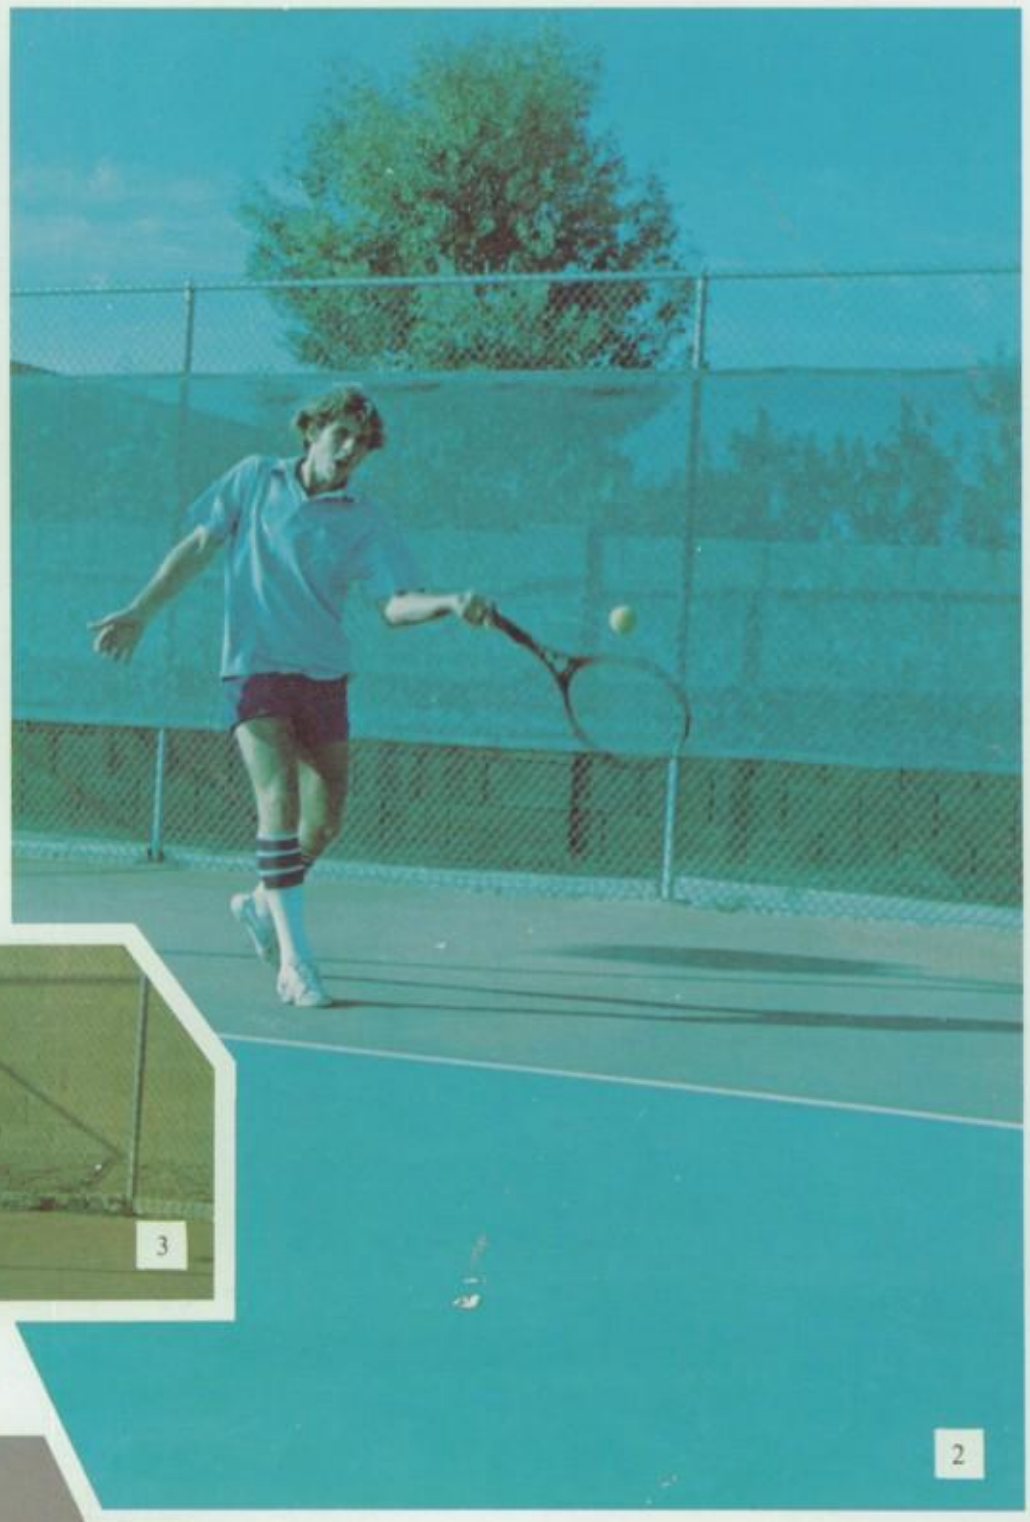
PLAYERS



In tennis, you have to be skillful and confident to hold your own in a match. You don't have a whole team around you to fall back on when you get into trouble. It's a personal sport, demanding the strictest control and concentration. Our team members have mastered these things and have become true players of the sport.

Ultimate is the game they play and what they live for. The ultimate league was formed and put together by a frisbee player named "Willie". Seeing that he had school support from other schools in Mesa, he went on to put together the 1982-83 frisbee team and did it without a sponsor.

They started off small with only twenty people on the team. Two teams played both of the seasons throughout the year without much trouble. They get together everyday after school to practice, and play other teams at 8:00 a.m. on Saturday. These were the first teams to play in Arizona competition and succeed in playing other well-known high school teams. The sport of ultimate is at the point of recognition now and promotes good sportsmanship, team effort and spirit.

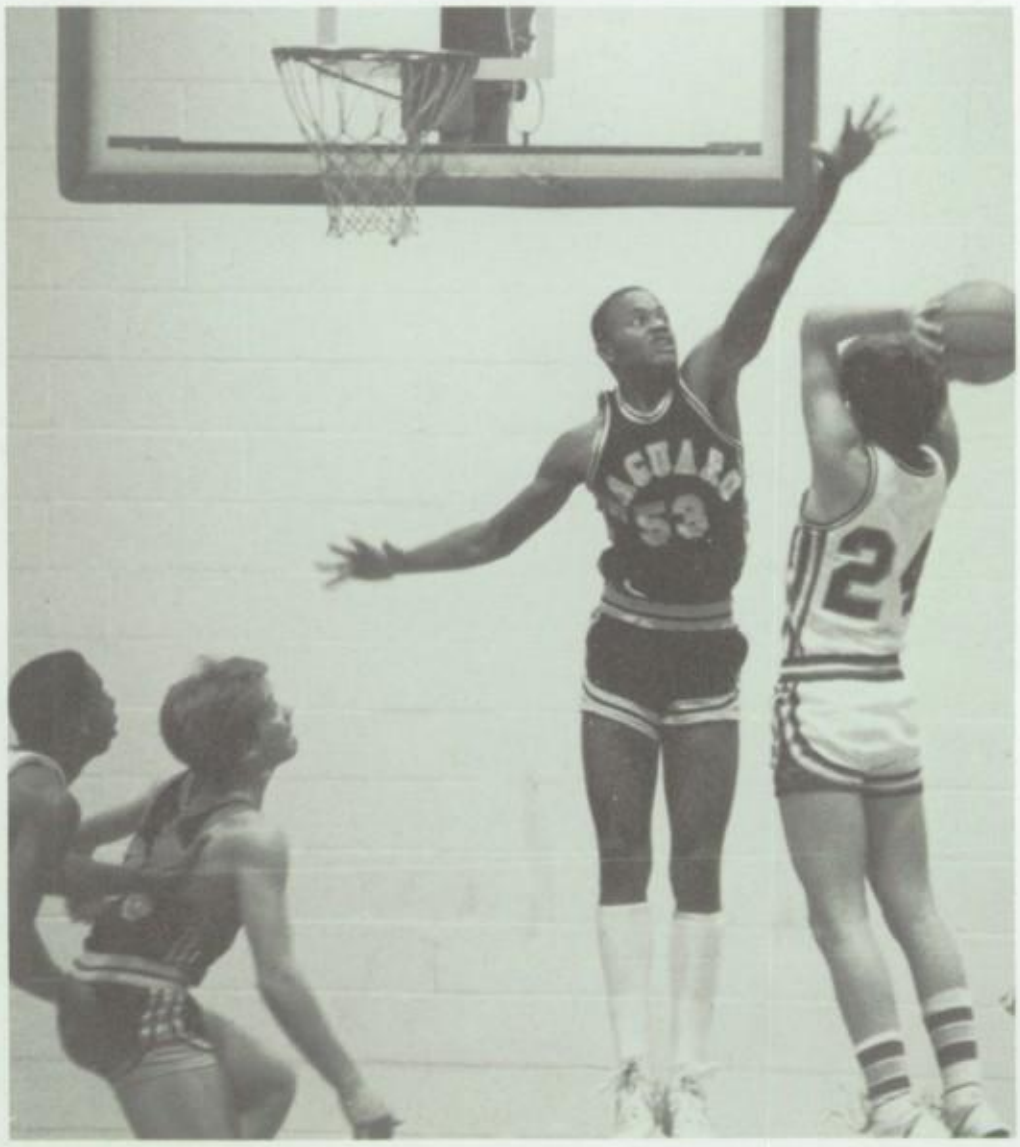
Fast Break



"Dribble dribble down that court, Shoot that basket, Score!" Our Dobson High basketball team wound down the year with a very respectable season. Key players included, Juniors, Richard Becerra, Darrell (DJ) James, Jeff Tillman Sophomores, Brad Little, and Bret Traube. Our entire starting varsity team will be returning next year to take no less than a state playoff position. Good luck Mustangs we are behind you 100%.

The girls' track team got off to a fast "gallop" as the season opened. "One of the reasons we do so well," said one of the girls, "is because we have such dedicated coaches." These coaches include Jesse Nevin, Larry Dukerich, Danny Stewart, Linda Coker, and Nancy Ellis. The girls spend long hours at difficult workouts. Their practices begin at 2:15 and last usually until 5:00. They must be dedicated to do all this plus participate in many weekend meets and invitationals. The city meet was held at DHS this year. The 1982-83 soccer season saw another winning for the Dobson Mustangs. Despite a great 7-3 record, the Mustangs fell just shy of making the playoffs. An overtime loss to Scottsdale Saguaro placed Dobson in a must win situation in their final game versus State Runner-up Chaparral. In a water-sloshing, mud-slinging effort Dobson lost a heartbreaker 1-0. All hope was lost when Mike Lynn's shot late in the game was stopped by a mudpuddle. Three Mustangs made All-Division Teams this year. Senior forward Jeff Lopez and Senior half-back Mark Miller made second team, Senior full back Troy Homewood made honorable mention.

Team members are: Tom Newmann, Robert Truesdell, Roger Collins, Mike Osmon, Steve Parkerson, Todd Elias, Scott Fanning, Steve Mensack, Lee Hwa Wei, Kelly Schrode, David Bigelow, Jeff McClure, John May, Troy Homewood, Shawn Hall, Scott Peloquin, Terry Downs, Mark Miller, Wolff Piotraschke, Dave Armenta, Tony Esparza, Mike Lynn, Terry Slane, Jeff Lopez, Jeff Drees, Gilbert Cruz. Victory!

This year we had a young Baseball team with seven Junior starters, but because of this youth they can grow together and excell together. There are only five Seniors on the team. A couple of key players were Steve Cuomo, at Short-Stop, and Cody Massey at Second Base. Pitching was a ''Big-Key'' to our season and Jeff Lipscomb (senior) and Kevin Lish (junior) played a big role as pitchers.

Team Players are:

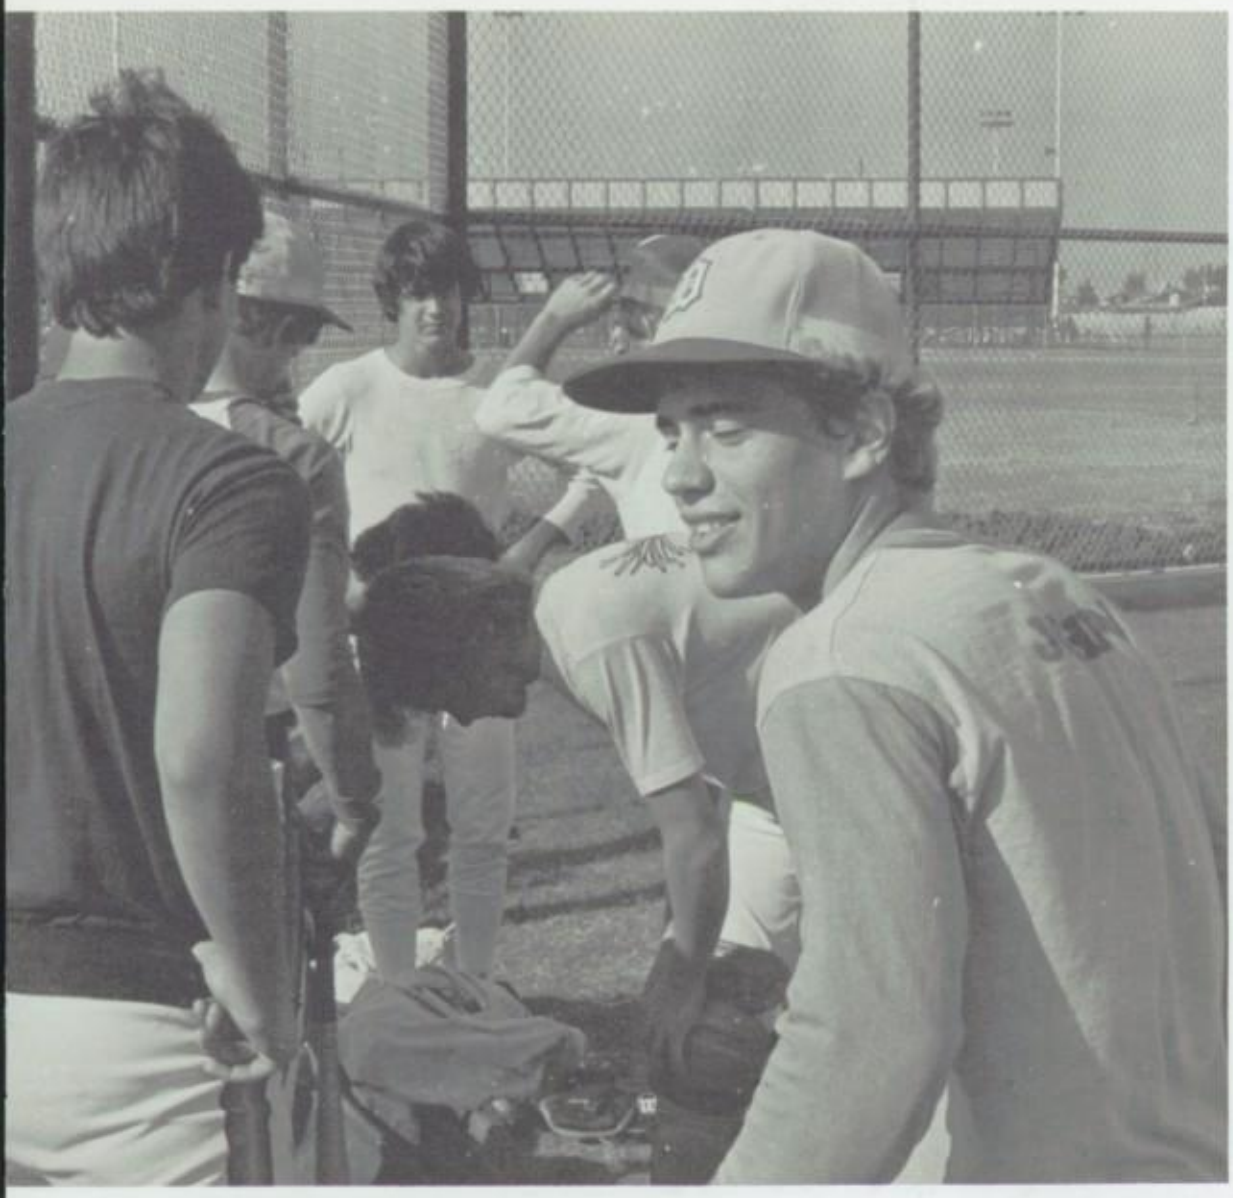
The Championship Season



To push oneself to the limits of endurance —
and then go just one more step,
To retain hope in the face of insurmountable odds,
To be a team player rather than a glory hound,
To face winning and losing with the same sense of pride,
To NEVER give up —
This is being a true champion!

E.T. — the English Teacher

The shuffle of feet, a lone figure lost in a crowd of strangers miles away from home — a freshman looking for his English class. This is the saga of E.T. — the English Teachers and their quest to prepare students for life. The first step is to lure the idle minds away from the narrow existence of comic books and television on to GREAT EXPECTATIONS and to INHERIT THE WIND. By using ideas of earthly origin the E.T. (English Teacher) can teach their people the wonders of their world. Design by Kathy Orlick, Mike Girard, Karen Jochum.

AROUND THE WORLD IN EIGHTY DAYS

In fifty-three minutes of social studies class, students are whisked away by the power of hot air into the sky of knowledge on a balloon ride to witness and experience the historical wonders of the world. While traveling with the forefathers of our country, we cross the Delaware, sign the Constitution, and witness ancient Indian rituals. The social studies department creates these adventures because they are interested in helping the student enjoy learning. The Bermuda Triangle

Many minds have been lost in the Bermuda Triangle — Polygons, isosceles, triangles and binomials surround the math students until they become completely absorbed into the world and wonders of mathematics. Like many boats and planes, innocent brains are sucked up into the triangle. The math department teaches courses like Geometry, Algebra, Trigonometry, and Calculus to further the students mathematical background, and to plunge them deeper into the triangle . . . AAAAARGH!!!!!!

The business department is always shuffling with the busy excitement and click-click of little fingers on the typewriter keys. Here is where DHS students learn the fundamentals of the business world, rather than just learning how to make coffee and buy gifts for the boss. The teachers, through the use of machines such as typewriters, calculators, and even practical use in the student store, are giving the students valuable knowledge that will enable them to become the future Jane Fondas and Dolly Partons of the business world. The Home Ec Department is equally successful in teaching students basic skills for survival in the domestic world. Skills, such as sewing, cooking, and even singles survival will teach our students the necessary techniques to make it in independent living.

Art and Industrial Art

Fantasia

FANTASY is the name of the game in the Dobson High Art and Industrial Departments. Here is where students' talents and creativity are really brought out. Crafts such as ceramics, photography, drafting, woods, metals, and many more give the students the opportunity to show their skills and to gain practical knowledge which can be applied to future goals and careers.

The Art Show, sponsored by the Art and Industrial Department, was held in December and gave the students the chance to display their creations. Many items were for sale to the public and the money raised went strictly to the artist. This show was a great opportunity for the students to display their work publicly for others to view their achievements in this field. It has also set a tradition at Dobson, being its second year in existence and planned for many years to come.

1. Here, Karen, let me paint, too! 2. Robin reproduces her fantasies on canvas. 3. Mr. Pigusch is proud to be an Industrial Arts Teacher. 4. Skills like these require intense concentration. 5. Physical Education

Rocky

Physical Education is one of the most popular departments at Dobson High. One reason for this popularity may be our own Dobson High P.E. Staff. These teachers spend the whole day strenuously teaching such skills required for many physical games. Volleyball, baseball, tennis, football, weightlifting, and dance are just examples of the various classes available to the students. These teachers are the main source of success for our sports-related activities at Dobson High. Much time and effort is put out by each one of these people and it definitely shows. Our physical education department is probably one of the best in Mesa. And with the growing success of our teams, this department should prove to be a stronghold in Dobson High's history of excellence for many years to come.

Bless the Beasts and the Children

It was a gloomy day over Dobson High as the dust whirled around the animal compound of the DHS AG. DEPT. There was an atmosphere of sadness in the air as the little lambs rested in the hay. There was one lamb in particular that everyone loved. All the students were especially sad because they knew that their favorite lamb would soon become a package of lambchops. This wooly lamb could sense the nervousness and he too was becoming restless. He had to find a way out of his stall before all hope was lost. Trying desperately to unlatch the gate with his snout, and finally succeeding, he scurried out of the compound in the direction of the Traffic Safety department. Being the naive lamb that he was, he didn't know of such dangers as student drivers, and before they could slam on the brakes, the lamb had been cast to the side of the road. Crowds gathered around the injured lamb and they were skeptical about his survival. Just then an angel appeared in the sky, miraculously saving the lamb from its treacherous fate. The ag. and traffic safety depts. are both miraculous in their teaching at Dobson. Both offer a wide range of facilities that are exceptional in helping our students learn about these two important areas.

The French Connection

A dark figure is lurking in the shadows of the deserted hallway as the fog leisurely rolls through the darkness. Suddenly from nowhere comes a flash of light as strange and foreign figures surround him. He tries desperately to escape but finds that he is being suffocated — by words. Words of a different language than his own. Just when he thinks that it's all over, from nowhere appears a giant frog, no a St. Bernard, no it's Stevie Nicks — WAIT! It's The Foreign Language Teacher! Yeah! He quickly rescues the withering student by administering a dose of Lessons Six & Seven. Whew! The student is saved. But that's not all. Just down the hall in the special ed. department other heroic events are taking place. Certain students meet there daily to discuss highly TOP SECRET material. Their minds are strengthened to degrees beyond our comprehension so they are able to serve their community with top-rate efficiency. Is there no end to these heroic endeavors? Tune in next week. Same time. Same bell schedule.

The Music Man

MUSIC! MUSIC! MUSIC! is the main element in the Dobson High Performing Arts Dept. From vocals to piano, these teachers have the "note-how" to successfully direct our Dobson High students in the music field. Varsity band, concert choir, and orchestra are just a sample of the talents that our Dobson High Performing Arts teachers have discovered and brought out in the students. Many awards and much recognition have been received by our performing arts department and partial credit is definitely owed to the teachers. They have shown the caring and determination to motivate the students musically and dramatically, and the results have been enthusiastically achieved. These teachers are a great asset to our performing arts department and will continue to make our school ring with "the sound of music!"

Take Five

Secretaries, Nurse Bookstore, Career and Media Center

Many Departments Aid Students

There are many departments at Dobson Studios. But none of them would function smoothly without these people. The secretaries work diligently in the office keeping all processes, such as attendance, grades, records, and all other paper work in top-notch condition. The library keeps all editions of past "scripts" on file for the reading enjoyment and research for all to use at their own discretion. Many accidents occur during stunts, and backlot filming, which requires the attention of our own Ms. Hopfer; Studio Nurse. She, along with Ms. Harman, keep our actors and actresses in top physical condition. The Career Center aids many people in planning their future careers. Not everyone can be a DHS star performer forever . . . and they need assistance in designing and choosing an alternate career. Without all of these people, our school would be just another "B" movie.

Concessions, Front Gate Security and Grounds

Cafeteria, Security and Custodial Staff

Diner Meets Cat People

The Bell rang. The doors flew open and the crowd excitedly followed the enticing aroma to the cafeteria. The lines began forming and trays clinked as the students busily looked for a vacant table to eat their fishburgers and punch. After lunch was over, the cafeteria ladies took inventory on the left-over fish sandwiches, only to discover that there was one missing. Immediately they ran to the phone and contacted the security guards. As usual, they responded quickly and began the investigation of the missing fishburger. One of the custodians discovered a trail of bread crumbs. So they formed a party and followed this fishy trail, cleaning the evidence as they went. The trail ended in front of the auditorium. Our security guards figured the culprit had to be on the roof. Carefully, they shimmied up the vines and were shocked at the sight they say. All this time our skilled personnel had been searching for a student only to discover — a fluffy, white kitty with tartar sauce on his whiskers. The events in this story are not important. What is important is that the security, cafeteria, and custodial staff are always there performing their necessary duties, that enable the school to function with ease. Because of their caring for our students, they make Dobson a better place to be. These people are responsible for many activities which are most important to the health and welfare of DHS.

Being one of the top ten academic students of the class of 1983 is a great honor and accomplishment. These ten seniors have managed to keep a 1.0 or better grade average during their high school years. Many of them have received scholarships and awards for their academic accomplishments from many colleges and universities. We, the Dobson High yearbook staff would like to congratulate them on their many achievements and wish them a successful future.

The executive student government officers led our school into a very successful year. They scheduled assemblies, kept the marquee up to date and planned a memorable homecoming. Leading "the family" as student body officers were Rob Sinnott, president, Pauline Acosta, vice president, Krista Robinson, treasurer, Stacey Denny, secretary, Kishla Williams, public relations, Cindy Cole, spirit commissioner, and Sheila McNeely as the sports commissioner. Together, they established a solid student government from which next year could pattern a prosperous year.

Acting Children

All you acting children,
you're acting all the same.
You don't reveal the being
represented by your name.

All you acting children,
play such lonely games.
Each move leaves you cheated,
but you're playing just the same.

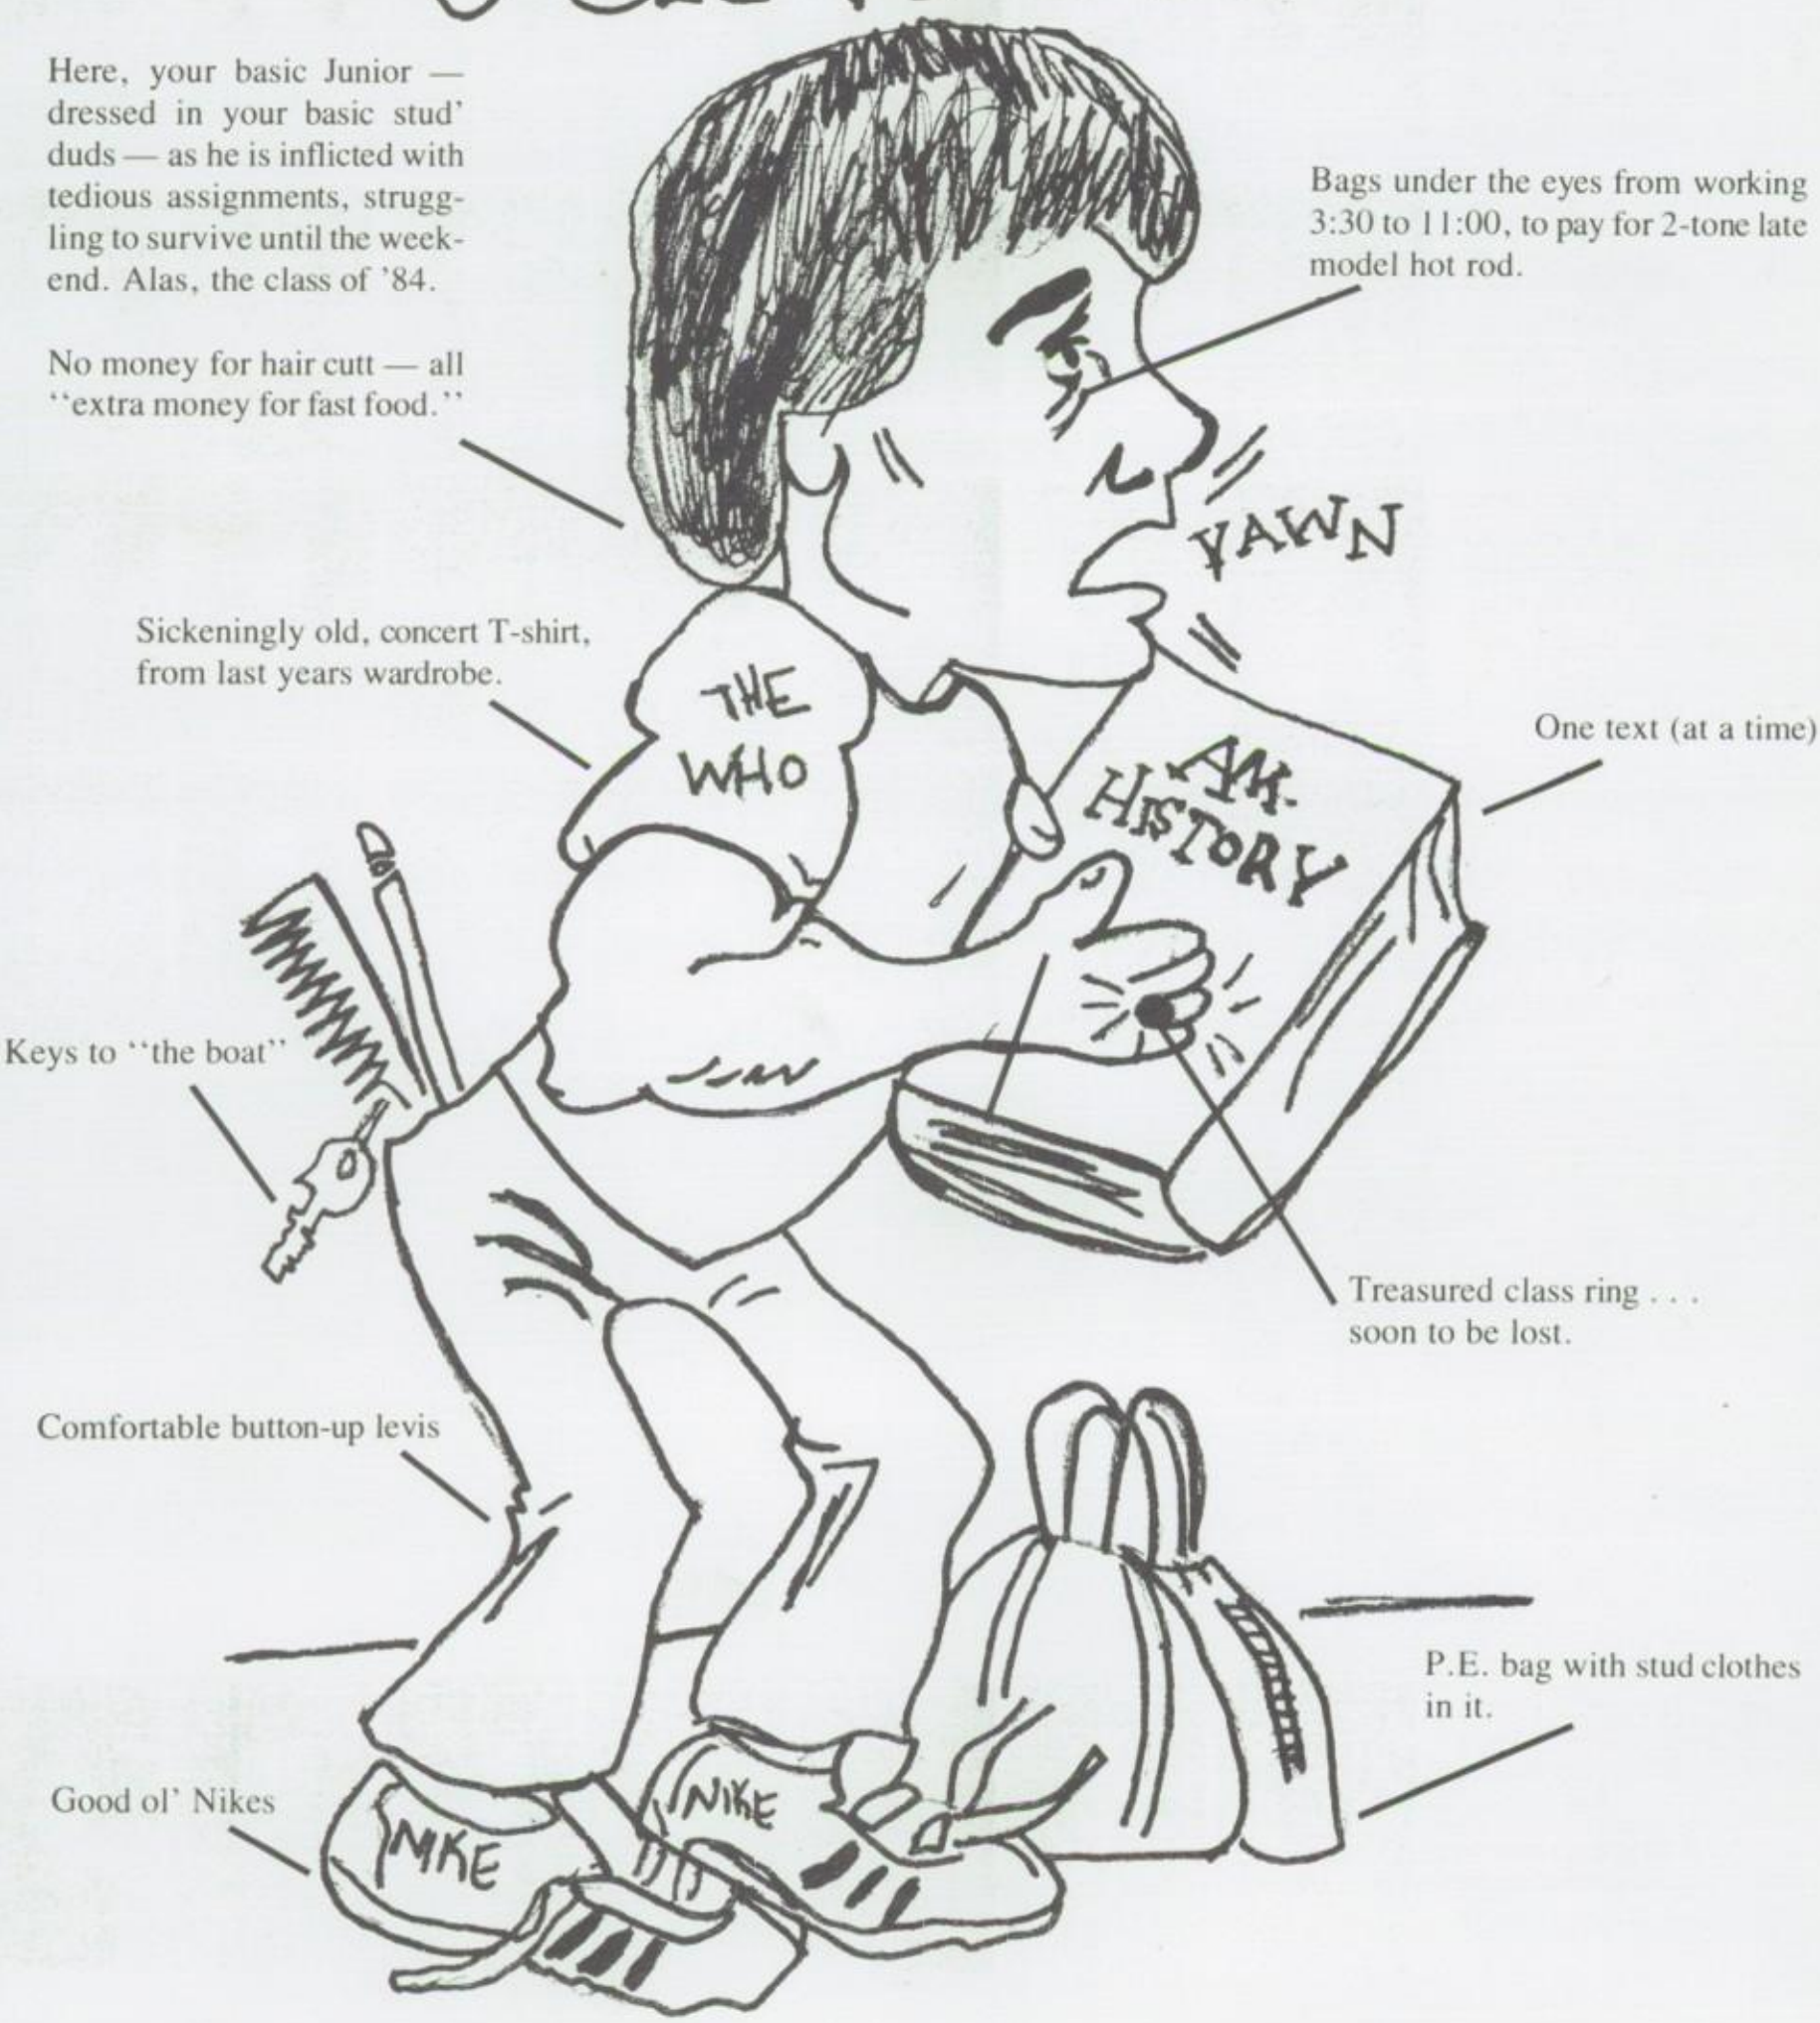
JUNIOR



Here, your basic Junior — dressed in your basic stud' duds — as he is inflicted with tedious assignments, struggling to survive until the weekend. Alas, the class of '84.

No money for hair cutt — all "extra money for fast food."

Bags under the eyes from working 3:30 to 11:00, to pay for 2-tone late model hot rod.

Sickeningly old, concert T-shirt, from last years wardrobe.

One text (at a time)

Keys to "the boat"

Treasured class ring . . . soon to be lost.

Comfortable button-up levis

P.E. bag with stud clothes in it.

The Greatest Show on Earth

My contribution to this world,
someday will be the greatest show
on earth, given solely by me.

Alone one night at Carnegie Hall, I
will let me loose on stage, The
most exciting repertoire, an
unearthly constant rage.

The curtain will rise and on
center stage I'll stand, the lights
will come up and top critics will
be on hand.

Nothing less that overwhelming
praises of excellence will flow from
the pens of these men. Because
they were not witness in physical
form but only for pretend.

I look out to my audiences'
stare at a dancer's jump,
and I'm not there . . . The
curtain falls.

Act two

The gigantic orchestra
begins to play
the emaculate setting of my
dominion, to your sense of
fantasy will not betray.
The curtain falls.

Act three

My wildest dreams were not
altered one tiny bit. And
in the hearts of imaginary
fans, a flaming rage, by me,
was lit.

On this special night my
concert for the stars, I'll
reach the galaxy's outer limits
and leave deep and open scars.

And on this wonderous night
with voice I have a knack,
My God given gift I will
then give him back.
The curtain falls.

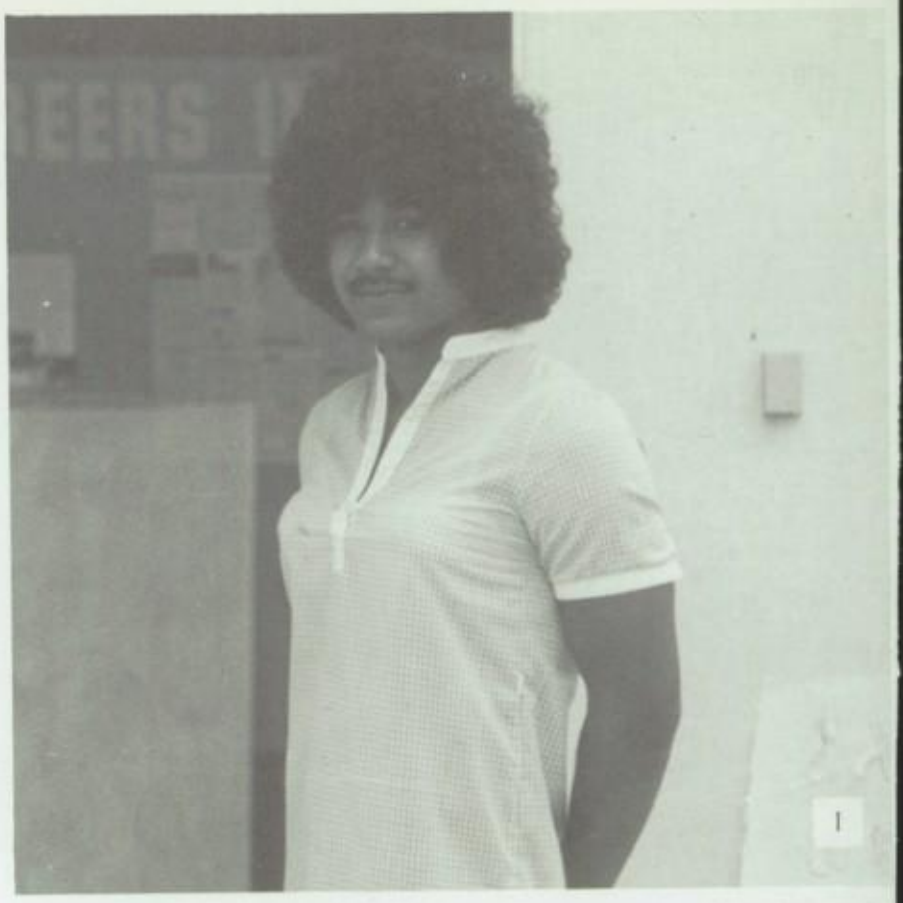
"It Might Be You"

"Catch the fever!" blared the "Spark Plug" (aka Ms. Marcie Hutchinson) over the intercom each morning during Spirit Week, March seventh through the eleventh. First, the entire student body was divided into two teams, one blue, one silver. Second each team competed for "Spirit Points" by participating in a variety of activities planned by the Stir-Ups, Dobson's Spirit Club. "The Final Conflict" was the Battle of the Dobson Stars, emceed by Mr. Rich Lows, which included a variety of relays, i.e. bicycle, sack, innertube, and tires, culminating with the ultimate Tug-of-War. After the totalling of all of the Spirit Points, the score was: Silver — 18, Blue — 15, until the 3 "Good Sportsmanship Points" were awarded to the Blue team, making it a tie. At the conclusion of this bizarre week, the tired, but spirit-filled students departed for Spring Break.



1. "Well yeesssss!!" (Mother's Day) 2. Stuff that car! 3. "Sil-ver, Silver!" 4. Toga! Toga! Toga! 5. The spark plug. 6. "What is it?" (Nerd Day) Photos: 1, 3, 4, 5 — Tom Neumann; 2 — Kyle Ellsworth; 6 — Devon Whitney. Design: Gary Brewer.

A Sign of Maturity

You know you're mature when you're eating Oreos and you discover that instead of taking them apart to eat the middle first, you just crunch your way through all three layers at once — and you realize that it tastes the same either way.

Practical solution

The new math
and the old me
do not agree.
Inhuman equations,
miscalculations,
and the chronically
unsolved problem:
Add one student with a ticket
to tonight's concert
and no answers for tomorrow's
homework, and what do you get?
A sudden hypothetical attack
of the twenty-four-hour flue.

If you can trust yourself though others doubt you
And conquer fears that limit what you dare
So you can freely give to those about you
The skills and talents that are yours to share;

If you can live, not for your pleasure only,
But gladly lend your gentleness and grace
To warm the hearts of those whose lives are lonely
And help to make their world a better place;

If you can balance dreams with practicality
And deal in facts, but never lose ideals,
If you can face the harshness of reality
And find the truths that prejudice conceals;

If you can be courageous when defeated
And humble in the face of victory,
Or give your best until a task's completed,
However difficult that task may be;

If you can temper facts with understanding
And seek to gently guide, not to control,
And neither to be lax nor too demanding,
But keep in mind the worth of every soul;

If you can strive, not caring who gets credit,
And work at building bridges and not walls,
Or hearing idle slander, just forget it
And never fail to help someone who falls;

If you can give your help without begrudging
The patience, time and effort you impart
Or look at others' weakness without judging
And see, not with your eyes, but with your heart;

If you can take resources that surround you
And use them in the way you feel you should,
You'll be a person . . . and all those around you
Will be richer!

Oooooo . . . Sophomores Kris Kuehn, Mark McKain, and Tracy Rottler exclaim!!! Photo by Steve Follmer.

Confusion is . . .

*Twirling around and around in circles, then seeing the world spin.
*Waking up in the middle of the night in a strange place and not knowing how you got there.
*Getting lost in New York City.
*Being in a room where everyone's talking but no one's speaking the same language.
*Sitting in a calculus class when last year you took basic math.
*Going down the interstate during rush hour.
*Trying to understand who your mother's uncle's best friend's sister's boy friend's grandfather is.

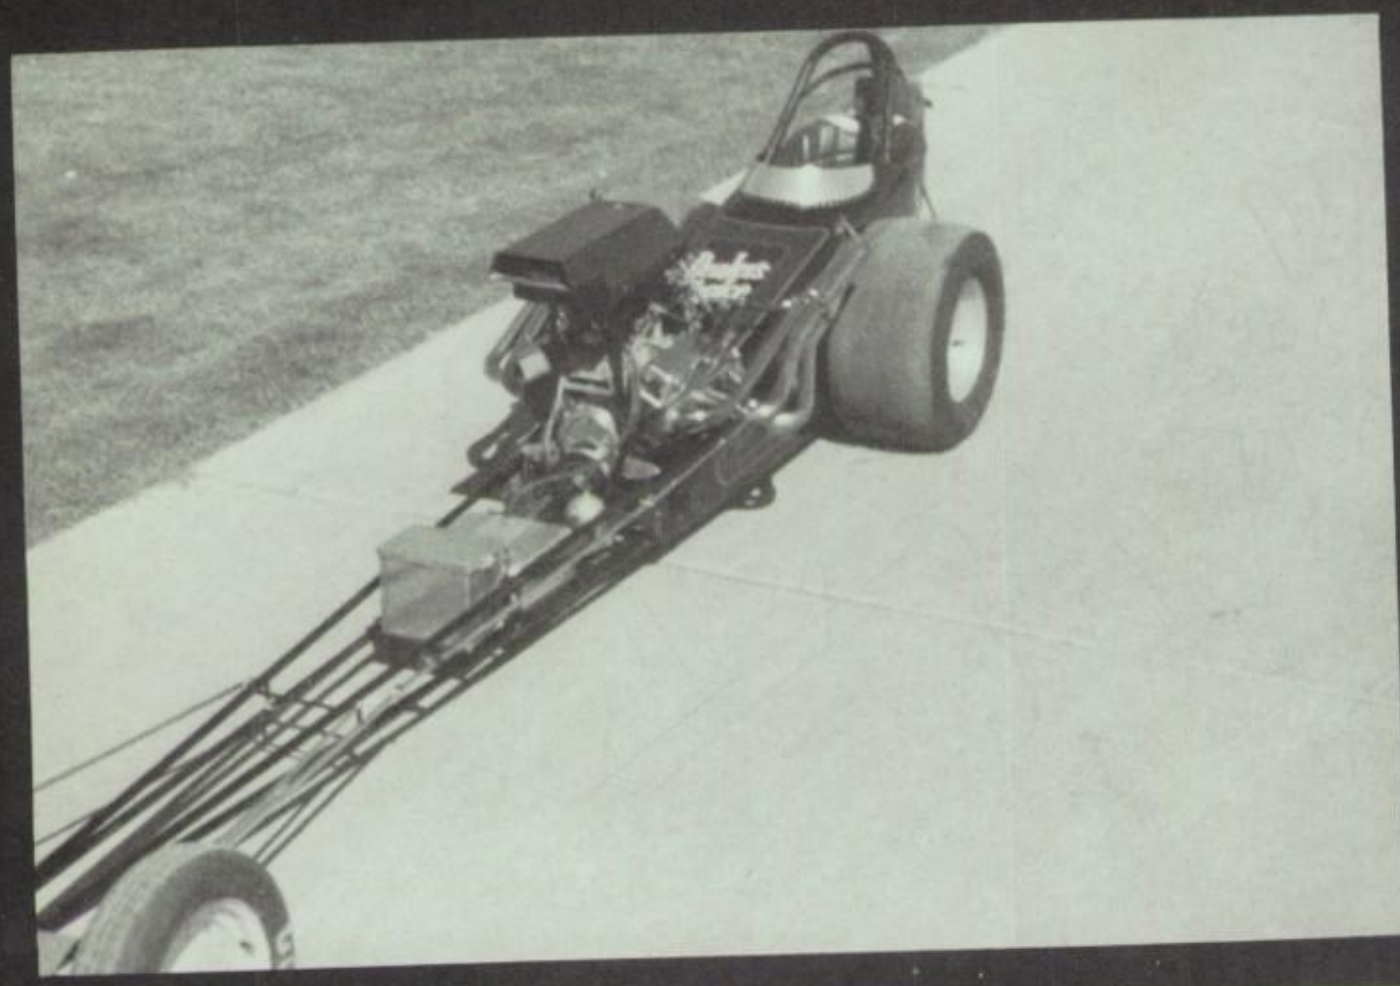
WEEKEND



Weekends are made for having fun and the people responsible for these pictures have a blast. Eric DeRoche and his high powered car and dragster, Bobby Cabano and his Rock'n Roll way of life and Tim Roden, Ride'em Cowboy. These are some ways our Mustangs live. Fast is the only speed we go. It looks like fun in the pictures and it is. It makes the work worthwhile.

Skipper - To a sweet guy who can be an ass sometimes! (I'm just kidding) Have a killer Summer and make sure you party all day everyday! Give me a call sometime this summer.
P.S. 838-5038

Love,
Kelly Stutz
"86"

Skip,
You a totally cool Dude even though your Bald. I'm glad I met you last year and more glad we got to know each other better this year. We've gone to a lot of parties this summer and always remember these famous words "Party Hardy"

Later Dazed,

ESCAPE FROM ALCATRAZ

Student File

NAME: MITZI MALONE
PAST HISTORY: Formerly escaped 9th, 10th and 11th grades. Last seen at the attendance office.
CRIME: Chronic ditching, forging admit slips and excessive tardies.
SENTENCE: Four years in Study Hall.
REWARD: All absences and tardies excused for the one who discovers her hideout.

NAME: MADAM X
DESCRIPTION: Usually disguised in a new weekly hairstyle. True facial identity not known. Always seen carrying credit card and comb. Note: No books in hand. Can be found lurking among clothes racks of Sakowitz, Goldwaters and Bullocks. Last seen with Verle.
CRIME: Frivolous spending of Daddy's money on designer jeans and shoes from Italy. Responsible for keeping Max Factor from financial ruin.
SENTENCE: Cancellation of charge cards.
REWARD: If caught, the criminal's wardrobe will be handed over to you.

NAME: CATTLE ANNIE
PAST HISTORY: Formerly a ranch hand for the Ag. Department, but was sent out to pasture when caught chewing tobbaco outside no-hassle area.
SENTENCE: Dobson superiors will officially brand DHS on Cattle Annie's hide.
REWARD: Free rides to lunch in back of pick-up truck to the one who brings her back.

NAME: JOE DOBSON
PAST HISTORY: Has attended every school function since Jr. High. Has never missed observing team practice, belonged to every club listed in the handbook.
CRIMES: Missed the Speech and Debate semi-finals. Was late to the Chess Tournament and did not help clean up after Sadie Hawkins.
SENTENCE: May not attend the Yearbook Signing Party.
REWARD: All ribbons, honors and memorabilia will be awarded to the one who apprehends this criminal.

NOTE: These former inmates are extremely dangerous and should not be apprehended alone.

Senioritis hits Dobson High in epidemic proportions. District officials filed report recently, quoting statistics that confirm current rumors — Senioritis has hit a substantial percentage of Seniors at DHS. Doctors say the disease is spreading and other medical officials have requested quarantine for the senior class. Insiders refused to comment on the current situation. Senioritis has been described as a mental disorder resulting in strange and unpredictable behavior such as: graduating mid-term, leaving campus mid-day, and chanting "'83 is finally here!" over and over. If you run across anyone with these classic symptoms PLEASE stay within safe distances — SENIORITIS IS CONTAGIOUS and victims are known to behave in ways that could be harmful to those around them. This uncontrollable illness is a sad and mystifying one and unfortunately, there is only one known cure — Commencement (or Graduation Ceremonies). Until then, all we can do is sit back and wait.

The Stages of Senioritis Syndrome

1

2

3

4

1. Itching (to get out of school)
2. Primary Senioritis (consists of boredom and sleepiness)
3. Secondary Senioritis (second phase sets in)
4. Chronic Senioritis Graduatosis (hallucinatory stage)
5. Senior Withdrawal (student becomes a "zombie")

5

Any resemblance to real persons are totally coincidental.

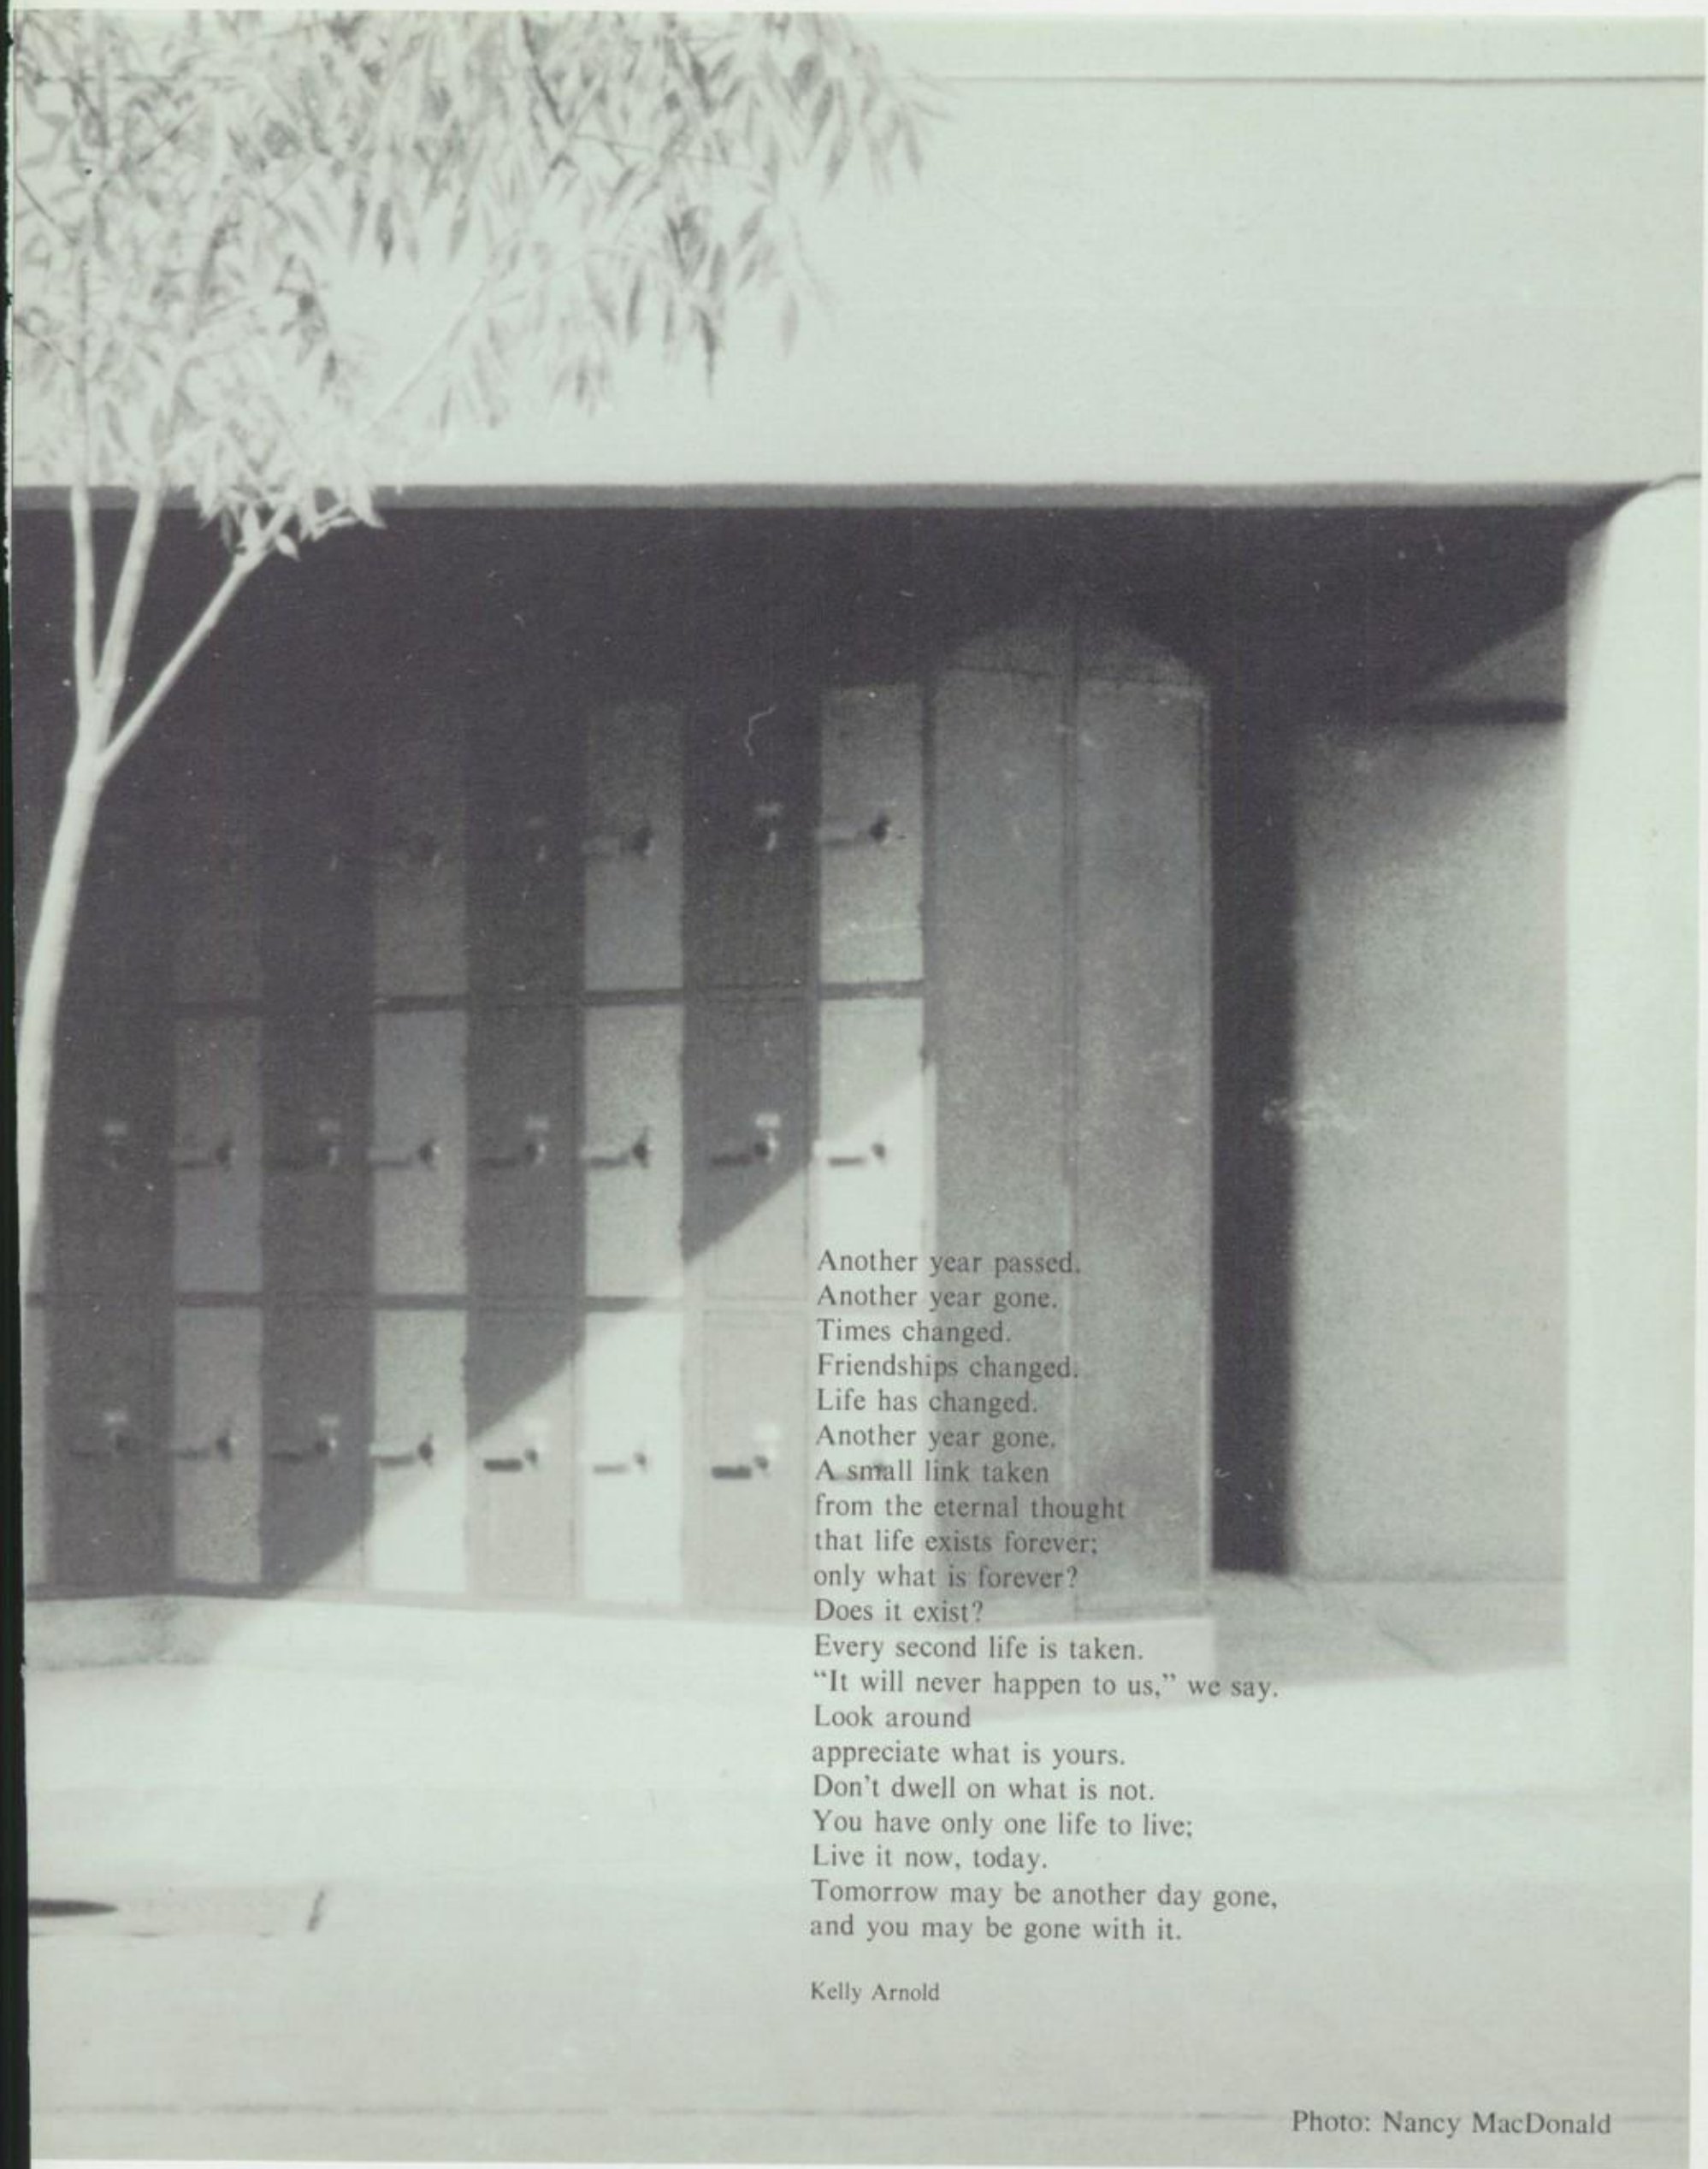
Another year is here and gone.
And for some it's the end of the
four year song.
They will leave us now with
different paths to follow.
But no matter the grade,
we must all look to tomorrow.

The future is ours.
We can do as we please.
We can pull down the stars.
bring the world to its knees.

Nothing too big or too far from
our grasp.
That we can't make ours and
make it last.

Tim Gilbride



Another year passed.
Another year gone.
Times changed.
Friendships changed.
Life has changed.
Another year gone.
A small link taken
from the eternal thought
that life exists forever;
only what is forever?
Does it exist?
Every second life is taken.
"It will never happen to us," we say.
Look around
appreciate what is yours.
Don't dwell on what is not.
You have only one life to live;
Live it now, today.
Tomorrow may be another day gone,
and you may be gone with it.

In Memoriam

John Hobbs

Excerpts from "Final Performance"
by Tim Gilbride

The rain drops fall all around me
mingling with the tear drops on my
but mine is wasted
and will make my flowers grow.

to my final performance
end of a very happy yet tragic show.
The world my audience, the earth my stage.
But now the curtain will be closing
and the stage lights dimmed low.

So this my closing curtain, my last and final bow
Good luck my friends
Good luck and take care.

Remember only the happy times.
And if you remember,
toast my spirit's good journey
and my life's end with cheer.

We'd Like To Thank . . .

Equus Staff:

The year has ended. We've accomplished what we set out to do. Finish The BOOK! I know at times we were all discouraged and felt our jobs were pointless, but I want to thank you all for not giving up. Thanks for making my job worthwhile and fun. There was never a dull moment. Remember always, the laughs and confusion we all shared in our own little way.

P.S. — Thank God for the student store and Peter Piper Pizza.

*Thank you Mrs. Sue Brenden from "the gang".

Good Luck Always,

Mitzi Tso

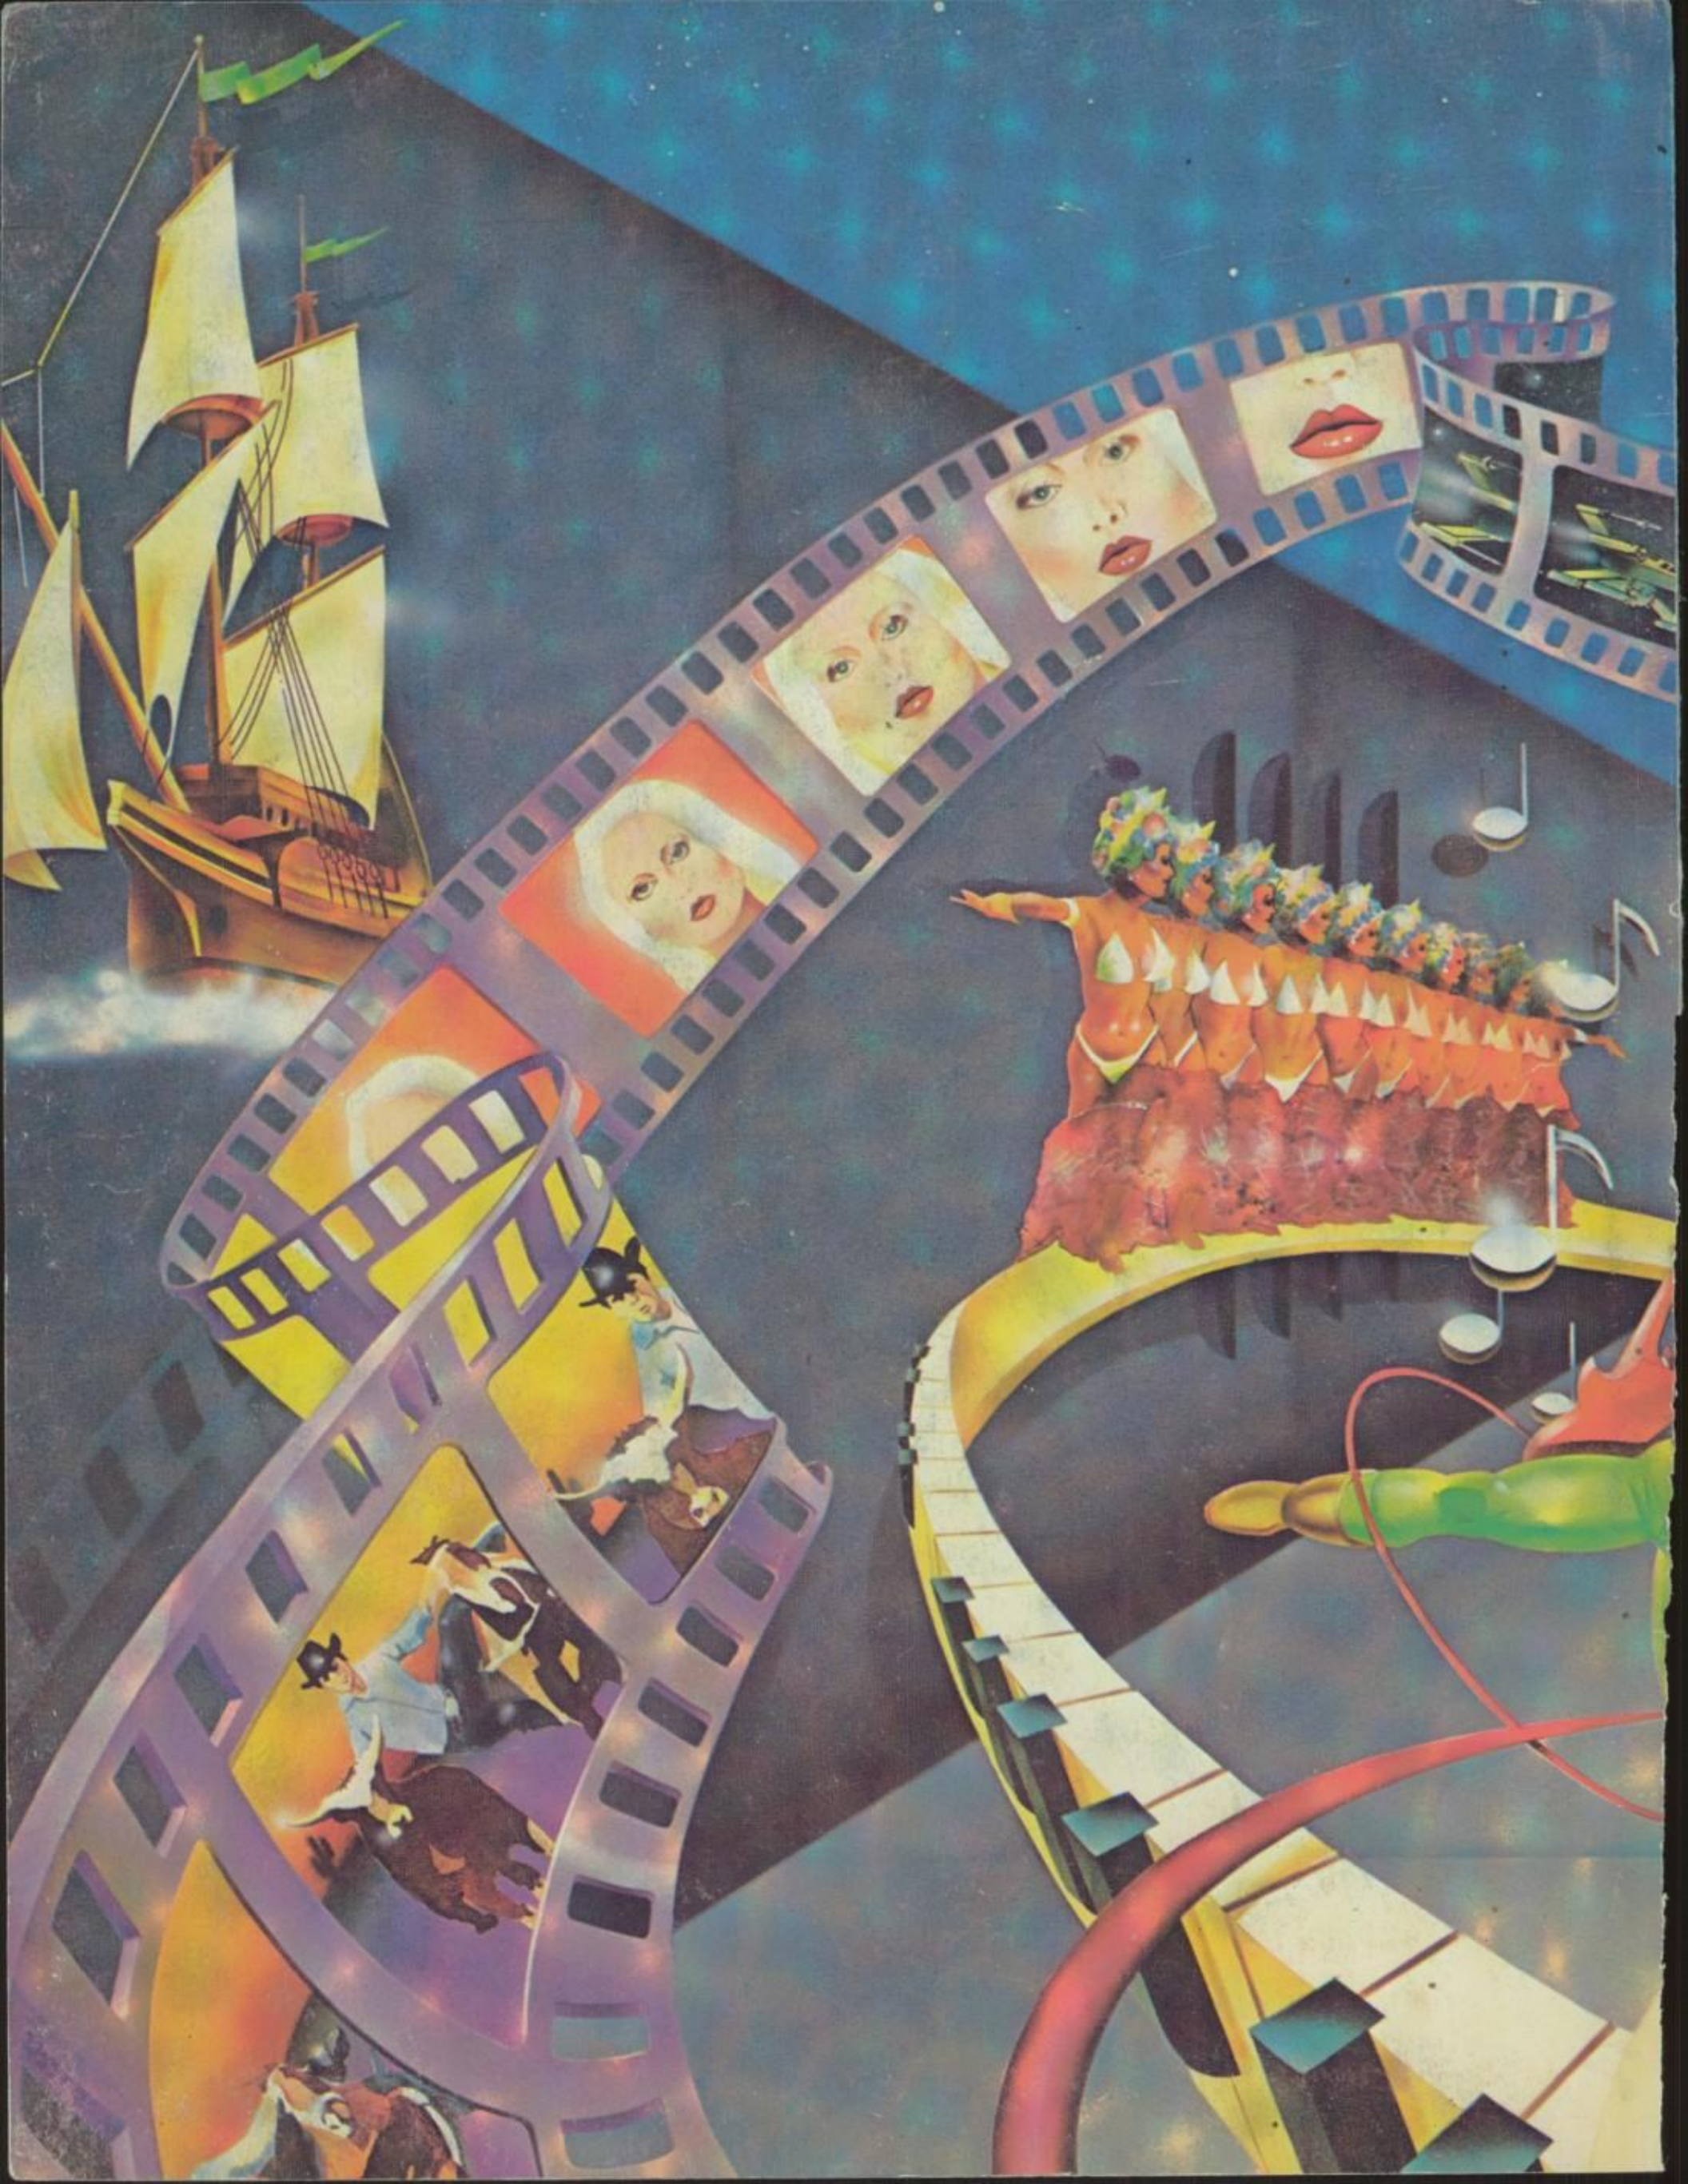
Hey sexy, I dont really know what to say except I think you are one of the sweetest and cutest guys I know and Im really glad I met you. Weve been friends for awhile now and Ive really enjoyed it and I hope we are friends forever (if mate, mate!). Well I wont get into to much sex talk, I mean other people will be reading this, well discuss all that later. But whenever you ~~needed~~ need a lesson or need to know anything just call, because you know ill always be there for you! Ill be waiting for my phone to ring whenever little blue eyes needs anything! At first I didnt know what to right now I cant stop wrighting, now Im ~~spend~~ spelling everything wrong. NO, but seriously you are a real special guy, I really thought when I first met you that you would be really immature (at boy did you prove me wrong, you are very mature and very sweet. Next year is gonna be really good and I hope we have some classes together or at least see each other alot. Well I would fill up this page and another if I had time but I dont so ill talk to you later.

Call me over summer!

I love ya

Lots


Annette
